11-9-11

LOCATION

Crescent City Area

TOPIC

Public Service Announcement

INFORMATION:

It is winter again and the Crescent City Police Department is warning residents against leaving their vehicles running unattended while defrosting the windshield and heating the vehicle. Auto theft is a crime of opportunity so why invite yourself in being a victim. It only takes a few seconds for someone to get into your vehicle and driving it away, possibly to be used in another crime, such as a burglary. Chief Plack and the Crescent City Police Department would ask for our community members to be more diligent in looking for any suspicious individuals in your neighborhood and to immediately contact law enforcement. Please help us by being the "Eyes and the Ears" against crime in our community. There are a variety of ways to report suspicious activity to the Police Department and can contact the Crescent City Police Department at 707-464-2133, or Dispatch at 707-464-4191, and if you wish to remain anonymous please call the Crescent City Crime Tip Line at 707-218-4229 or leave a message at the Police Department website at www.crescentcity.org.
